the OECD OBSERVER

Index of articles published in issues 73 to 108

Published bi-monthly in English and French by THE ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT
Annual Subscription Rates: £4.00, US$9.00, F36.00, DM18.00
Single copies: £0.80, US$1.75, F7.00, DM4.00

The main purpose of THE OECD OBSERVER, published every two months, is to keep a selected public informed about the major economic and social problems being dealt with by OECD. The main fields covered are those listed in the index below.

Issues 76-78 were published in 1975; 79-84 in 1976; 85-89 in 1977; 90-95 in 1978; 96-101 in 1979; 102-107 in 1980 and 108 in January 1981.
Issues 1 to 72 are covered in two other Indexes which are available on request from the OECD Publications Office, 2, rue André-Pascal, F75775 PARIS CEDEX 16.

1. GENERAL

	Issue No.
OECD Council at Ministerial Level May 28 and 29 1975	75
OECD Member Countries Renew their Trade Pledge for a Year	75
New OECD Machinery for Examining Commodity Problems	75
The Dialogue: Role of OECD	78
The Need for Realism *by Emile van Lennep, Secretary General of OECD*	79
A New Look at the Future of Industrialised Societies	79
OECD Member Countries' Statistics 1976 – 12th Year	80
Renewal of the Trade Pledge	82
Consultations with Governments	85
OECD Member Countries' Statistics 1977 – 13th Year	86
The Growth Strategy in the Present Economic Context *by Emile van Lennep*	86
Ministers Discuss Six Problems of Mutual Concern	87
New Challenges for the Industrialised Nations	87
OECD Member Countries' Statistics 1978 – 14th Year	91
East-West Economic Relations	92
Consolidation of Turkey's Debt	92
OECD Economic Strategy: A Reassessment *by Emile van Lennep*	93
Ministers Agree on Concerted Action for Faster Growth and Intensified Development Cooperation	93
Policies for Adjustment	93
Interfutures	93
OECD Member Countries' Statistics 1979 – 15th Year	97
OECD Council at Ministerial Level: Communiqué	99
Interfutures	100
• *Facing the Future, A Report by Interfutures*	
• *Interview with Jacques Lesourne, Director of Interfutures Project*	
• *Are There Physical Limits to Growth?*	
• *The Industrial Societies Facing Change...*	
• *... and the Challenge of the Third World*	
• *Global Interdependence*	
• *Scenario Analysis: Possible Futures*	
• *The Prospects for Industry Worldwide*	
• *The Management of Interdependence*	

The Seventies: a Review –
The Eighties: a Preview *by Emile van Lennep* 102
OECD in the Seventies: A Personal View *by Gérard Eldin, Deputy Secretary General* 102
OECD Member Countries' Statistics 1980 – 16th Year *103
Twentieth Anniversary of OECD 108
The First Score, *by John Fay, Director for Publications Policy, OECD* 108

2. ECONOMIC POLICY

Highlights from OECD Economic Outlook December 1974 73
Energy Policy and its Effect on the International Monetary Situation *by Emile van Lennep, Secretary General of OECD* 74
OECD's Financial Support Fund 74
OECD Member Countries Renew their Trade Pledge for a Year 75
Highlights from OECD Economic Outlook July 1975 *76
Unemployment Benefits and Related Payments in Seven Major OECD Countries *76
Wage Policies, Inflation and Industrial Relations *76
Beyond Stagflation – Policies for Renewed Economic Growth *by Emile van Lennep* 77
The "McCracken Group" 77
Highlights from OECD Economic Outlook, N° 18 – December 1975 78
Adjusting Income Tax Systems for Inflation 78
The Need for Realism *by Emile van Lennep* 79
Economic Forecasting – the International Dimension – the International Transmission and Multiplier Process 79
What has happened to Inflation? 79
The Impact of the Economic Situation on Environmental Policies *by R.J. van Schaik, Chairman of OECD's Environment Committee* 79
The Tanker Crisis... and its Effect on Norway 79
Ministers Discuss Employment Problems *80
Meeting of OECD Manpower and Social Affairs Committee at Ministerial Level *80
- *Communique*
- *The Employment Challange* by Emile van Lennep
- *A Humanistic Approach to Employment* by Michel Durafour, French Minister of Labour
- *Report by the Manpower and Social Affairs Committee*
- *OECD Recommendation on a General Employment and Manpower Policy*
- *The Range of Employment and Manpower Measures*
- *Policy Measures in Current Use*
- *Some Indications for the Future – Reflections by Ministers as to Necessary Action*

Anti-Recession Policies in Sweden *80
A Strategy for Economic Recovery 82
Renewal of the Trade Pledge 82
Highlights from OECD Economic Outlook N° 19 – July 1976 82
Highlights from OECD Economic Outlook N° 20 – December 1976 84
What Has Happened to Inflation? 85
The Growth Strategy in the Present Economic Context *by Emile van Lennep* 86
Public Health Expenditures: Towards a Better Utilization of Resources 86
Ministers Discuss Six Problems of Mutual Concern 87
What has Gone Wrong with Economic Performance? An Analysis by the McCracken Group and Recommendations for the Future 87
Highlights from OECD Economic Outlook n° 21 – July 1977 87
Structural Determinants of Employment and Unemployment *by James R. Gass, Director for Social Affairs, Manpower and Education* 87
Youth Employment and Unemployment 87
New Challenges for the Industrialised Nations 87
A Shift in the Balance of Risks in the Current Economic Situation *by Emile van Lennep* 89
Youth Unemployment 90
- *OECD Ministers Discuss Possible Solutions*
- *Diagnosis*
- *What OECD Countries are Doing*
- *Changing Attitudes to Education and Work Among Youth* by Torsten Husén, Professor, University of Stockholm

Economic Outlook for 1978 90
Concerted Effort for Expansion: Press Conference *with Charles Schultze, Chairman of OECD's Economic Policy Committee* 91
OECD Secretariat's Simulation Model 91
The Rise in Public Expenditure: How Much Further Can It Go? 92
OECD Economic Strategy: A Reassessment *by Emile van Lennep* 93
Ministers Agree on Concerted Action for Faster Growth and Intensified Development Cooperation 93
Policies for Adjustment 93
Economic Outlook to Mid-1979 94
Highlights from OECD Economic Outlook for 1979 96
The Effects of OPEC Oil Price Decision on the OECD Economic Outlook 96
The Case of the Newly Industrialising Countries (NICs) 96
The Problem of Industrial Investment 97
Special Assistance for Turkey 98
Ministers Agree to Intensify Energy Efforts: Meeting of International Energy Agency's Governing Board at Ministerial Level 98
Energy Policy – Economic Policy 99
Highlights from the OECD Economic Outlook N° 25 – July 1979 99
OECD Trade with the Newly Industrialising Countries (NICs) *by Stephen Marris, Economic Advisor to OECD's Secretary General* 99
Positive Adjustment Policies (PAPs) 99
Interfutures (See 1. General) 100
The Seventies: a Review –
The Eighties: a Preview *by Emile van Lennep* 102
OECD in the Seventies: a Personal View *by Gérard Eldin, OECD Deputy Secretary General* 102
Highlights from OECD Economic Outlook for 1980 – December 1979 102
The World Economy in the 1970s and 1980s *by Silvia Ostry, Head of OECD's Economics and Statistics Department* *103
Monetary Targets and Inflation Control *by Jean-Claude Chouraqui and David King, Monetary and Fiscal Policy Division* *103
Aid for Turkey 104
OECD's Economic Strategy Special Supplement
Declaration on Trade Policy Adopted by the Governments of OECD Member Countries on 4th June, 1980 Special Supplement
Ministerial Communiqué Special Supplement
Towards More Balanced Growth
Highlights from OECD Economic Outlook – July 1980 105
OECD Strategy Reviewed *by John Fay, Director for Publications Policy, OECD* 106
"Keynes Plus" – The Only Way Forward *by David Lea, Assistant General Secretary, TUC, United Kingdom* 106
Improving the Functioning of Labour Markets 106
Recent Experience with Incomes Policies 106
Innovation Policy in OECD Member Countries 106
The Food Industry: Innovation and Industrial Structure 106
Current Problems of Economic Policy *by Emile van Lennep* 107
The First Score *by John Fay* 108
Can the Rich Countries Adapt? Needs and Difficulties *by Assar Lindbeck, Professor of International Economics of the Institute for International Economic Studies, Stockholm* 108
Prospects for Recovery
Highlights from OECD Economic Outlook – December 1980 108

3. ENERGY

The Energy Crisis and its Repercussions 73
The Future of Energy in OECD Countries 73
The New International Energy Agency of OECD *by Ambassador Etienne Davignon, Chairman of the IEA's Governing Board* 73
Energy Policy and its Effects on the International Monetary Situation *by Emile van Lennep, Secretary General of OECD* 74
Energy: Conservation and the Development of Alternative Sources 74
Meeting of the International Energy Agency Governing Board at Ministerial Level 75
OECD's International Energy Agency.
Energy R and D: From Analysis to Action 78
The Need for Realism *by Emile van Lennep* 79
IEA Adopts a Long-Term Energy-Cooperation Programme 79
Oil Supply and Demand in OECD Area 79
Is there Enough Uranium? 79
Population Exposure to Ionising Radiation 79

* *Out of print*

Reducing Dependence on Imported Oil *by Ulf Lantzke, Executive Director of IEA* *80
The Problem of Energy 82
The Oil Carrier Surplus Outlook for the Next Ten Years 82
Energy: the Need for Action *by Ulf Lantzke* 83
Conservation of Energy: How are Countries Performing? 83
IEA Tests Emergency Oil Sharing System 83
An OECD Code of Conduct on Energy and the Environment 83
The World Energy Outlook for the Next Ten Years 85
• *Statements* by Emile van Lennep and Ulf Lantzke
• *An OECD Team Answers 12 Questions*
• *The World Energy Outlook by Region*
Nuclear Energy: Safety and Public Information *by Pierre Strohl, NEA* 85
The Energy Label: One Way to Conserve Energy 85
Steps Towards Controlling the "Export" of Air Pollution 88
The EKOFISK Accident *by Bengt Wallenberg, Head of OECD Energy and Environment Division* 88
Radioactive Waste: The Problem and Some Possible Solutions *by Jean-Pierre Olivier, NEA* 88
International Surveillance Mechanism for Sea Dumping of Radioactive Waste 88
The Outlook for Oil Carriers 88
Energy Ministers Agree on a Programme to Restrict Oil Imports 89
IEA Governing Board Meeting at Ministerial Level: Communiqué 89
The Twelve Principles 89
Nine New R and D Agreements 89
Conservation of Energy and Oil 1973-1977 91
Twenty Years of Nuclear Cooperation 91
Nuclear Fuel Cycle Requirements and the Long-Term Outlook for Supply 92
IEA: Two New Energy R and D Agreements Signed in Tokyo 92
What Progress on Energy? 93
Nuclear Wastes: a Problem of Perspective? *by I.G.K. Williams, Director General of NEA* 95
Coal: Fuel of the Past... or Fuel of the Future? The Environmental Hazards of Coal... And the Cost of Control 96
Highlights from OECD Economic Outlook for 1979 – The Effects of OPEC Oil-Price Decision on the OECD Economic Outlook 96
IEA Action on Oil 97
Australia Joins the IEA 97
The Record on Conservation of Energy and Oil, 1973-1978 97
Ministers Agree to Intensify Energy Efforts. Meeting of IEA's Governing Board at Ministerial Level 98
Technology on Trial *by K. Guild Nichols, OECD Directorate for Science, Technology and Industry* 98
A Case Study: The Mackenzie Valley Inquiry *by Mr. Justice Thomas R. Berger, Member of Supreme Court of British Columbia* 98
Energy Policy – Economic Policy 99
A New Energy Era *by Ulf Lantzke* 99
Improving Nuclear Safety: A Post-Harrisburg View *by Klaus Stadie, Head of Nuclear Safety Division, NEA* 99
Energy Conservation – Results and Prospects 101
Energy Conservation – Research 101
IEA Countries Set Import Ceilings for 1980 and 1985 102
New Action on Energy 105
An IEA Strategy for Energy RD and D *by Niels de Terra, Office of Research, Development and Technology of IEA* 105
Role of Nuclear Energy in the Year 2000 *by Ulf Lantzke* 107
Nuclear Energy: Controlling Long-Term Environmental Effects *by Bertrand Ruëgger, NEA* 107
The Impact of the Three-Mile-Island Accident on Nuclear Safety Research 107
IEA Ministers Tighten Up on Oil 108
Experts' Recommendations on Coal 108
Siting of Nuclear Plants 108

4. ENVIRONMENT

How to Estimate the Real Cost of Environmental Damage 75
Better Towns with Less Traffic 75
Photochemical Smog 75
Safeguarding the Mediterranean 77
Transfrontier Pollution: Towards a Common Approach 77
Pollution Charges: an Initial Assessment 78
Urban Environmental Indicators 78
Population Exposure to Ionising Radiation 79
Low-Cost Improvement of the Urban Environment *80
An OECD Code of Conduct on Energy and the Environment 83
Two Other OECD Recommendations:
• *Waste: a Comprehensive Management Policy*
• *Coastal Management* 83
Environmental Policy in Japan: An On-the-Spot Examination 84
OECD Recommends Procedures for Assessing Chemicals *by Mariatta Idman, OECD Environment Directorate* 88
Steps Towards Controlling the "Export" of Air Pollution 88
The EKOFISK Accident *by Bengt Wallenberg, Head of OECD's Energy and Environment Division* 88
Radioactive Waste: The Problem and Some Possible Solutions *by Jean-Pierre Olivier, NEA* 88
International Surveillance Mechanism for Sea Dumping of Radioactive Waste 88
Ten OECD Recommendations on Water Management 91
The Fight to Reduce Waste: Recommendations on Re-Use and Recycling of Beverage Containers 91
Coal: Fuel of the Past... or Fuel of the Future? The Environmental Hazards of Coal... And the Cost of Control 96
Innovative Management of Urban Transport for a Better Environment *by Ariel Alexandre et Christian Avérous, OECD Environment Directorate* 96
Tourism and the Environment *by Gérard Eldin, OECD Deputy Secretary General* 96
Environmental Policy in Transition *by Jim MacNeill, OECD Director of the Environment* 97
Prevention: Less Costly Than Cure. Main Theme for OECD's Environment Ministers 98
The State of the Environment in OECD Countries 98
The Environment and Current Economic Problems 98
Technology on Trial *by K. Guild Nichols, OECD Directorate for Science, Technology and Industry* 98
A Case Study: The Mackenzie Valley Inquiry *by Mr. Justice Thomas R. Berger, Member of Supreme Court of British Columbia* 98
The Cities: a Problem for National Government 101
Noise Reduction: an Urgent Need *by Jim MacNeill* *103
Towards Effective International Control of Toxic Chemicals 105
Reducing the Noise of Motor Vehicles 105

5. TRADE

OECD's Committee on International Investment and Multinational Enterprises 74
New OECD Machinery for Examining Commodity Problems 75
OECD Member Countries Renew their Trade Pledge for a Year 75
The Dialogue: Role of OECD 78
Consultation on Steel 78
Renewal of the Trade Pledge 82
The Emerging New Realism in North-South Development Cooperation 84
Ministers Discuss Six Problems of Mutual Concern 87
New Challenges for the Industrialised Nations 87
A Shift in the Balance of Risks in the Current Economic Situation *by Emile van Lennep, Secretary General of OECD* 89
